Information: One letter of the alphabet is very bossy. When the vowels are in front of that letter, they say a new sound. It is not a long vowel sound and it is not a short vowel sound. It gets a whole new sound! The letter that does all this is the letter → Rr.

Below is a list of words that have the bossy or team. We can practice reading these. We can also use the list as a word bank for more practice with the bossy or team.
